- Expanded Capabilities
- Made to Order

Custom Attachment Center

Renold Jeffrey Chain Laser-cutting capabilities cut lead times in half.

Stay lean, competitive, and domestic with quality, made-to-order (MTO) laser-cut attachments assembled on Renold Tier-1 Roller Chain from Renold Jeffrey.

The expanded capabilities of our state-of-the-art Custom Attachment Center in Morristown, TN, let Renold Jeffrey meet complete customization demands for the most

advanced applications with unprecedented speed and accuracy.

We can quickly and accurately **create top-quality specialty pins with holes, shoulders and cut-ins, off-sets, extensions, threading, and many other custom features.**

Non-standard complex designs?

Renold Jeffrey's Custom Attachment Center delivers:

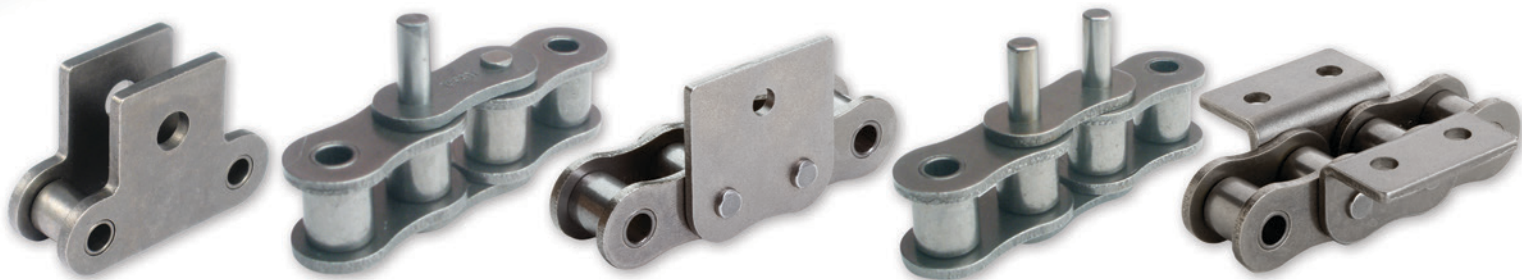

- Increased customization options
- Strong, reliable, stainless steel or carbon steel construction
- MTO components with no tooling charges for:
 - **Single-Pitch Chain:** Nos. 40, 50, 60, 80, and 100
 - **Double Pitch Chain:** Nos. C-2040, C-2042, C-2050, C-2053, C-2060-H, C-2062-H, C-2080-H, and C-2082-H

Specialty Attachments

- Custom bore hole sizes, shapes, and placements
- Custom inner and outer plate attachments
- Custom attachments include:
 - Bends
 - Chamfered edges
 - Clamp plates
 - Grooves
 - Mounted special rollers
 - Prongs
 - Push clamps
 - Pushers
 - Revolving support rollers
