

RENOLD

Engineered Chain Breaker & Assembly Tool

The Renold Jeffrey Engineered Chain Breaker & Assembly Tool maintains a press fit, which insures maximum chain life. Save your hands with the Renold Jeffrey Engineered Chain Breaker & Assembly Tool! Never hit your hands with a hammer again while you're disassembling a chain.

This easy to use tool reduces down-time, eliminates cumbersome assembly and disassembly methods such as channel locks and hammers or other undersized tools. The Renold Industrial Chain Assembly Tool can be used for several different size chains by simply substituting the insert, saddle, and ram pin.

- Assemble & Disassemble Engineered Chains
- Interchangeable Adaptors, can be used on many chains
- Portable
- No Channel Locks or Hammers
- Ensures Optimum Chain Life by Maintaining Component's Press Fit
- Safer & Easier
